

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

Letter to:
Federal Communication Commission

How many times I have flipped through channels {round and round} to find nothing on any channel. I see Plastered on the screen sex, violence and biased information.

This letter is about representing the people of this country; not what corporate media •want us to see•! Community access channels are needed so we can express ourselves!

Most important is NEWS programming that is diverse. It infuriates me to know so much important information never makes it to our newspapers, radio or TV. Monopolies are chocking out the TRUTH!

Free the public airways for the people, don•t give them away for free to mega-corporations that lie to us.
